

# PARDON OUR NOISE...

I-84 construction will be loud in March/April.

We apologize for the inconvenience. Crews will take approximately 10 days to break up pavement on eastbound I-84 between Orchard and Broadway.

Breaking up the pavement allows ITD to recycle the existing concrete. The broken concrete is settled with a heavy roller and capped with new asphalt and concrete.

Photo taken in Sept. 2010 between Orchard and Vista on westbound I-84.

*The work will be loud between 7 a.m. and 7 p.m.*

# PARDON OUR NOISE...

The Idaho Transportation Department is widening I-84  
to eight lanes between the Cole and Broadway interchanges.

The project is expected to be completed in summer 2011.
